

All About Reading

Additional comments:

This curriculum really assisted my son to get on the path of becoming a proficient reader.

I have used this curriculum for multiple years with multiple students each having their own learning style and it has been great for each of them.

I think my son was a little bored with this, but he made a lot of progress in reading this year.

Love this curriculum.

If you would like to speak to a Sage Oak parent that uses this curriculum, please let your TF/EA know and they will be happy to provide you with their contact information.

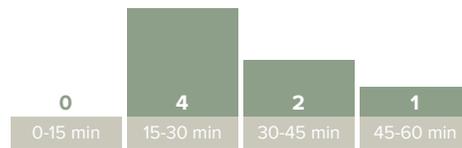

Overall, how many stars would you give this curriculum? One star being lowest, four stars being highest.

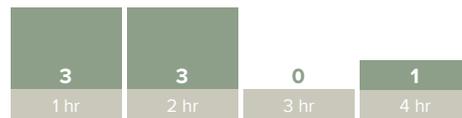

Did you use this curriculum exactly as laid out or did you adjust it to meet the needs of your family?

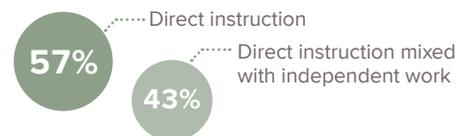

Approximately how long did it take to complete each lesson in its entirety?

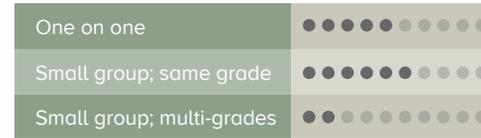

Please rate the amount of parent preparation required before the lesson can be taught or curriculum can be used.

Which statement best describes this curriculum? The teaching method of the curriculum is...

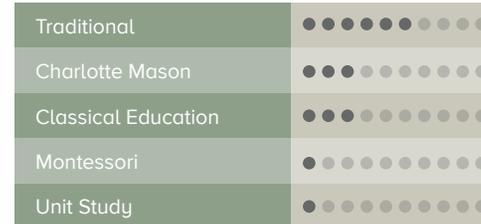

In which setting(s) can this curriculum be used for?

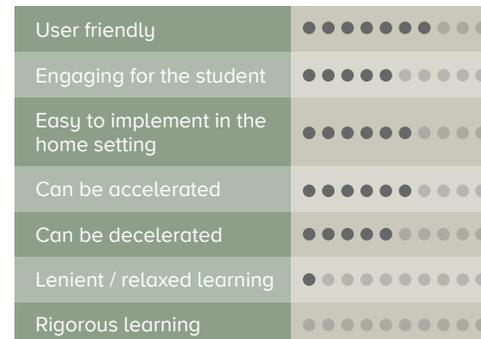

What type of learning style(s) would best benefit from this curriculum?

Which educational philosophy do you feel aligns with this curriculum?

I believe this curriculum is...

In your opinion, what are three "pros" to this curriculum?

Excellent customer service of publisher to ensure it is implemented with confidence and encouragement.
Very straight forward mastery approach that encourages you to go as slow or quickly as works.
Open and go: little to no prep.

Great teacher instructions with very little prep basically cut and go activities.
Activities are fun and engaging for students.
Mobile app can replace white board/magnets allowing for lessons away from home.

Lessons make it easy for student to learn how to read without frustration - they're fun & engaging.
Minimal lesson prep for parent/teacher.
Easy to use and teach!

Easy to follow lessons.
Step by step instruction.
Not much prep work.

Easy to follow instruction.
Layered learning to keep student engaged.
Not too much at once. Can do more than one lesson or part of a lesson.

In your opinion, what are the "cons" to this curriculum?

Without the app you are only able to teach at home.

The use of tiles can get tedious.
Some of the lessons are too simple.
The stories go along with lessons are not very interesting.

Timely.
Lots of materials.
