Introduction & General Comments

California State Law requires all charter schools to adopt a Second Interim Budget (SIB) each year by March 15, 2024. This report compares the current expenditures up to January 31, 2024, with both the SIB and the 2023-24 First Interim Budget (FIB). The SIB serves as a snapshot of Sage Oak's revenue and expenditure forecasts for the current fiscal year and the two subsequent fiscal years.

Included in this report for each of the three Sage Oak Charter Schools:

- A summary analysis of operations, cash, and changes to revenue and expenditures.
- A detailed statement of activities, also known as the Profit and Loss (P&L), provides general ledger accountlevel details for current expenditures up to January 31, 2024.
- A Multi-Year Projection (MYP) that offers a view of Sage Oak's anticipated growth trajectory.
- The projected current year and the following fiscal year cash flow reports provide a detailed overview of Sage Oak Charter Schools' expected cash position, indicating its monthly capacity to execute budgeted programs and meet corresponding cash requirements.

Sage Oak Charter Schools is projected to generate an operating surplus for the 2023-24 fiscal year with a combined annual net revenue of \$3.0M (5.4% of expenditures). Sage Oak Charter Schools' exceptional financial strength allows the schools to invest heavily in the students. The projected ending balance of \$21.9M represents 39.7% of annual expenditures, or 145 operating days of cash, enabling each school to handle unforeseen economic circumstances and be positioned to serve additional students as the schools grow.

In the current year's cash flow analysis, it was observed that the consolidated cash reached its lowest point by the end of December 2023, with \$19.4M cash on hand. This cash reserve is deemed sufficient to sustain operations and safeguard against potential economic shocks.

Assumptions related to the production of Sage Oak's Multi-Year Projection (MYP) are listed on the Funding Assumptions page.

The information presented here will be compiled into the requested report format for each authorizing district, along with all other supplemental financial information required by each authorizer. These reports will be certified by the CFO and delivered to each authorizer immediately following Board approval.

Funding Assumptions

Enrollment & Average Daily Attendance (ADA)

- Grade band information is detailed on the Enrollment & ADA page.
- The Second Interim Budget (SIB) used a 99.0% ADA to enrollment ratio, while the Multi-Year Projections (MYP) for 2024-25 and 2025-26 utilized 99.8% across all grade bands.
- The projected enrollment for SIB is 4,206 with an ADA of 4,163. The projected growth is 8.2% for 2024-25 and 9.9% for 2025-26. Single-year Unduplicated Pupil Percentage (UPP) averages 42.0% across all Sage Oak Charter Schools.

TK	-3	4-6	7-8	9-12
\$10,	951	\$10,069	\$10,367	\$12,327

These assumptions serve as data inputs for calculating revenue in the Local Control Funding Formula (LCFF) calculator.

Federal Funding

Continued participation in the Title I Part A, Title II Part A, and Title IV Part A programs under the Every Student Succeeds Act (ESSA).

Federal Individuals with Disabilities Education Act (IDEA) is projected to be \$143 per student multiplied by the current year's ADA. Multi-Year Projection uses an assumption that IDEA will be funded with Cost of Living Adjustment (COLA) in line with the School Services of California Dartboard published January 17, 2024.

Revenues for the Elementary and Secondary School Emergency Relief (ESSER III) are realized as qualifying expenditures are made, with the grant set to expire on September 30, 2024.

State Funding

LCFF revenue is calculated using the latest version of the Fiscal Crisis & Management Assistance Team's (FCMAT) LCFF calculator, with COLA estimates based on the SSC Dartboard published on January 17, 2024.

Proposition 28 preliminary funding for 2023-24 has an entitlement of \$541.5K and \$323.2K is included in the SIB. LEAs must expend at least 80% of the funds on staff to provide arts education instruction and the remaining funds for training supplies, curriculum, professional learning, materials, and arts educational partnership programs.

The allocated funding of \$2.5M for the Arts, Music, and Instructional Materials Block Grant and the \$2.5M for the Learning Recovery Emergency Block Grant has not been included in the SIB. Management has decided that it would be prudent to wait for the specifics of the adopted California budget before planning for this extraordinary amount of revenue.

Lottery funding, unrestricted and restricted, is budgeted based on \$177 and \$72 per ADA, respectively.

Special Education AB602 revenue is budgeted to \$887 per current year ADA.

Mandated Block Grant is funded at \$19.85 and \$55.17 per ADA for K-8 and 9-12, respectively.

Local Funding

Approximately \$170.0K in interest revenue is projected from the funds kept at the San Diego County Treasurer.

Multi-year Funding

Fiscal years 2023-24 and the following two years are projected using the COLA rates reflected on the SSC's Dartboard published on January 17, 2024.

Sage Oak Charter School - South Second Interim Budget 2023-24

Summary Analysis Sage Oak Charter School - South

Summary of Results

The Second Interim Budget (SIB) update projects a net revenue of \$77.0K. Net revenue fell by \$90.7K from First Interim Budget (FIB) of \$167.7K. Positive net revenue and a strong reserve balance will allow Sage Oak Charter Schools to end the 2023-24 fiscal year with a reserve of \$2.9M which is 1.2% of annual expenditures.

Cash Flow

In the current year's cash flow analysis, it was observed that the consolidated cash reached its lowest point by the end of July 2023, with \$6.0M cash on hand. This cash reserve is deemed sufficient to sustain operations and safeguard against potential economic shocks.

Changes to Revenue

The 2.6% change in revenues from the FIB to SIB is mainly due to not achieving projected growth. The actual student enrollment was 434, a change of 18 students from FIB. Although the three schools' consolidated enrollment numbers met overall projections, South had a slight shortfall in its projected enrollment.

Changes to Expenditures

Sage Oak-South has an overall change of 1.2% in expenditures from FIB to SIB. At SIB, the reduction in expenses can be attributed to the proration of vacant positions. Due to the unfilled positions, expenses were reduced proportionally.
