5.2. [Dashboard Presentation](#)

A presentation on the California Dashboard will be led by the Operations and Accountability Coordinator, Poppy Perfect.

- Lorraine asked- why is it that CA and all other schools are struggling in math? What changes are we making to help this? It seems that math is a lot different than it used to be. Who makes the standard if nobody meets it and maybe it should be re-evaluated?
- Poppy responded- the math standards are set by the California Department of Education, so they would have to change the standards.

5.3. [Local Control and Accountability Plan \(LCAP\) Mid- Year Report](#)

A presentation to obtain stakeholder feedback will be led by the Director of Operations and Accountability, Lisa Thompson.

- Lorraine asked- how is it that we are not meeting state requirements for math, how are we meeting CCI?
- Traci responded- a way to consider CCI is based on the test scores in math/ELA, AP class scores which do not have to include math, or a community college class that they took. So when they meet the criteria, they can meet it without meeting math. Algebra 2 is CCI when math is being referred to

5.4. Safety Plan

A presentation on our school's Safety Plan will be led by the Human Resources Senior Administrator, Martha Villalobos.

- No Comments

5.5. [High School Presentation](#)

A presentation on our high school program will be led by the High School Principal, Traci King.

Julie asked- Where do we find the list of where the classes are?

Traci responded-the course catalog. For community college, if the student is ready, we like them to start 2nd sem of freshman year. On the application, it is asked if the student is successful in HS, so we need some info. However, this can apply if a student has already been accelerated in 8th grade. Juniors and Seniors would be best for higher-level college courses

Emily asked- if they are going to take an English class at a community college, does that replace a core class at Sage Oak?

Traci responded-if a student takes a community college class, they are allowed to have fewer credits. They would not have an English class with us. It ends up lightening up the rest of the core classes and it can be balanced out throughout the rest of their years.
