FISCAL CONTROL POLICY AND PROCEDURES

The Board of Directors of Sage Oak Charter Schools (“SOCS” or “School”) has reviewed and adopted the following procedures to ensure the most effective use of the School’s funds to support the mission of the School and to ensure that the funds are budgeted, accounted for, expended, and maintained appropriately.

2. The Superintendent has responsibility for all operations and activities related to financial management.
3. Financial duties and responsibilities shall be separated so that no one employee has sole control over cash receipts, disbursements, and reconciliation of bank accounts.
4. The Board of Directors shall commission an annual financial audit by an independent third-party auditor who will report directly to it. The Board of Directors shall approve the final audit report, and a copy will be provided to the chartering authorities and other legally required entities. Any audit exceptions and/or deficiencies shall be resolved to the satisfaction of the Board of Directors and the chartering authorities.

Annual Financial Audit

2. Every six years, the committee shall solicit and review bids and select an independent certified public accountant to perform an annual fiscal audit pursuant to the provisions in the School’s charter. A waiver of this process may be requested of the Board of Directors.
3. The audit shall include, but not be limited to:
 - a. An audit of the accuracy of the financial statements
 - b. An audit of the attendance accounting and revenue accuracy practices
 - c. An audit of the internal control practices
 - d. An audit opinion of the fair presentation of the financial statements
4. SOCS will review any audit exceptions or deficiencies and determine the means for resolving any such exceptions or deficiencies. Audit exceptions must be resolved to the satisfaction of the Board of Directors
5. The Charter School shall complete its audit no later than December 15 following the close of the fiscal year. A copy of the audit report shall be submitted to the District within thirty (30) days of completion, and no later than December 15 of the fiscal year following the fiscal year for which the audit was performed. A copy of the Charter School’s annual, independent financial audit report for the preceding fiscal year shall be delivered to the District, State Controller, California Department of Education, and County Superintendent of Schools on or before March 31 of the following year.

2. Financial records, including transaction ledgers, attendance and entitlement records, contracts, tax records, grant applications, and payroll records will be retained for a minimum of seven (7) years. At the discretion of the Board of Directors or Superintendent, certain documentation may be maintained for a longer period of time.

The dollar threshold to qualify items as "capital" assets is \$5,000 per individual unit. This is in line with Federal guidelines on the allowability of expenditures, thus eliminating the need to have a separate threshold for items paid for with federal funds. Capital assets will be tracked in the same manner as non-capital assets, however, each will be capitalized in

the school's financial system and appropriately depreciated according to the usable life of the capital asset.
