

# Sage Oak Recommended Curriculum - Electives

Sage Oak Charter Schools wants to help you choose a rooted curriculum plan for your student. Look around to explore the recommended core curriculum choices for electives. The attendance claimed each learning period on the AWR is directly related to the California State Standards (Roots), Core Curriculum (Trunk), and the Supplemental Curriculum (Branches) of the tree, all in compliance with school guidelines, and are assigned and reviewed by the teacher of record.

**BRANCHES:**  
Supplemental  
Learning  
Options

**TRUNK:**  
Core  
Curriculum

**ROOTS:**  
California  
Content  
Standards

## ELECTIVES

### Examples of Supplemental Learning Options

Community Providers - Teachers Pay Teachers - The Curriculum Corner

The wheelbarrow represents all extra activities that families might participate in outside of their enrollment with Sage Oak. While families can load as much as they want into their wheelbarrow, these projects and activities are considered separate and unrelated to the tree and will not be counted toward student learning.
