## Introduction \& General Comments

Sage Oak Charter Schools is pleased to present this report to the Governing Board for consideration. California State Law requires all charter schools to adopt a First Interim Budget (FIB) by December 15, 2023, each year. This report compares the current expenditures up to October 31, 2023 to FIB and the 2023-24 July Budget. The FIB is a snapshot of Sage Oak's revenue and expenditure forecasts for the current and two following fiscal years.

Included in this report for each of the three Sage Oak Charter Schools:

- A summary analysis of operations, cash, and changes to revenue and expenditures.
- A detailed statement of activities, also called Profit and Loss (P\&L), provides general ledger account-level details regarding the FIB to current expenditures up to October 31, 2023.
- A Multi-Year Projection (MYP) that offers a view of Sage Oak's anticipated growth trajectory.
- The current year and one-year-out cash flow reports detail the expected cash position of Sage Oak Charter Schools in terms of its monthly ability to execute budgeted programs and meet corresponding cash requirements.

Sage Oak Charter Schools is projected to generate an operating surplus for the 2023-24 fiscal year with a combined annual net revenue of \$1.3M (2.4\% of expenditures). Sage Oak Charter Schools' exceptional financial strength allows the schools to invest heavily in the students. The projected ending balance of $\$ 19.6 \mathrm{M}$ represents $35 \%$ of annual expenditures, or 128 operating days of cash, enabling each school to handle unforeseen economic circumstances and be positioned to serve additional students as the schools grow.

Current year cash flow analysis indicates that the consolidated low point in cash was at the end of September 2023. At that point, the Schools had a projected $\$ 20.0 \mathrm{M}$ cash. This level of cash is sufficient to conduct operations and hedge against economic shocks that may come.

Assumptions related to the production of Sage Oak's Multi-Year Projection (MYP) are listed on a Funding Assumptions page.

The same information presented here will be compiled into each authorizing district's requested report format, along with all other supplemental financial information, required by each authorizer, which will be certified by the CFO and delivered to each authorizer immediately following Board approval.

## Funding Assumptions

## Enrollment \& Average Daily Attendance (ADA)

- Grade band enrollment and ADA are detailed on the Enrollment \& ADA page.
- ADA percentages utilized for the First Interim Budget (FIB) and the Multi-Year Projections (MYP) averaged 99.00\% across all grade bands.
- The FIB was developed with a projected enrollment of 4153 and ADA of 4111 with a projected growth of $6 \%$ for each of the two out years.
- Single-year Unduplicated Pupil Percentage (UPP) is $38 \%$ on average. Supplemental funding is calculated on a three-year rolling average of UPP.
LCFF 2023-24 Adjusted Base Grants per ADA

| TK-3 | $4-6$ | $7-8$ | $9-12$ |
| :---: | :---: | :---: | :---: |
| $\$ 10,951$ | $\$ 10,069$ | $\$ 10,367$ | $\$ 12,327$ |

These assumptions serve as data inputs for calculating revenue in the Local Control Funding Formula (LCFF) calculator.

## Federal Funding

- Continued participation in the Title I part A, Title II part A, and Title IV part A programs under the Every Student Succeeds Act
(ESSA).
- Federal Individuals with Disabilities Education Act (IDEA) is projected to be $\$ 139.32$ per student multiplied by the current year's ADA. Multi-Year Projection uses an assumption that IDEA will be funded with Cost of Living Adjustment (COLA) in line with the email alert sent November 23, 2023, from School Services of California for the FIB rates.
- Revenues for the Elementary and Secondary School Emergency Relief (ESSER III) are realized as qualifying expenditures are made. The grant expires on September 30, 2024.

## State Funding

- Local Control Funding Formula (LCFF) revenue is calculated using the latest version of the Fiscal Crisis \& Management Assistance Team's (FCMAT) LCFF calculator. COLA estimates in the calculator are based on the email alert sent from SSC on November 23, 2023.
- Proposition 28 preliminary funding for 2023-24 has an entitlement of $\$ 541 \mathrm{~K}$ and $\$ 258 \mathrm{~K}$ is included in the FIB. LEAs must expend at least $80 \%$ of the funds on staff to provide arts education instruction and the remaining funds for training supplies, curriculum, professional learning, materials, and arts educational partnership programs.
- The allocated funding of $\$ 2.5 \mathrm{M}$ for the Arts, Music, and Instructional Materials Block Grant and the $\$ 2.5 \mathrm{M}$ for the Learning Recovery Emergency Block Grant has not been included in the FIB as Management has decided that it would be prudent to wait for the specifics of the adopted California budget before planning for this extraordinary amount of revenue.
- Lottery funding, unrestricted and restricted, is budgeted based on $\$ 177$ and $\$ 72$ per ADA, respectively.
- Special Education, AB602 revenue is assumed to be $\$ 887$ per current year ADA.
- Mandated Block Grant is funded at $\$ 19.85$ and $\$ 55.17$ per ADA for $\mathrm{K}-8$ and $9-12$, respectively.

## Local Funding

- Approximately $\$ 150 \mathrm{~K}$ of interest revenue is projected from the funds kept at the San Diego County Treasurer.

## Multi-year Funding

- The financial year of 2023-24 is based on the $8.22 \%$ dartboard rate published by SSC on July 20, 2023. For 2024-25, a projected rate of $2 \%$ has been calculated by taking into account SSC's communication of a $1 \%$ COLA on November 23, 2023, and Sage Oak's internal assessment. The dartboard rate of $3.29 \%$ published by SSC on July 20, 2023, will be used to calculate the projections for 2025-26.

COLA

| 2023-24 | 2024-25 | 2025-26 |
| :---: | :---: | :---: |
| $8.22 \%$ | $2.00 \%$ | $3.29 \%$ |

## Sage Oak Charter School First Interim Budget 2023-24

## Summary Analysis <br> Sage Oak Charter School

## Summary of Results

The 2023-24 First Interim Budget (FIB) projects a net revenue of \$792K. Net revenue changed by $\$ 52 \mathrm{~K}$ from the July Budget of $\$ 844 \mathrm{~K}$. This is due to one-time categorical revenues being recognized for FIB, such as the Expanded Learning Grant, and recognizing funds for Universal Pre-Kindergarter (UPK), which are due to expire during the 2023-24 fiscal year. With the additional revenue that is being recognized, the school is projected to have positive net revenue and a strong reserve balance, allowing Sage Oak Charter School to end the 2023-24 fiscal year with a reserve of $\$ 14.4 \mathrm{M}$ or $31.9 \%$ of annual expenditures.

## Cash Flow

Current year cash flow analysis indicates that the consolidated low point in cash was at the end of September 2023. At that point, the School had a projected $\$ 11.6 \mathrm{M}$ cash. This level of cash is sufficient to conduct operations and hedge against economic shocks that may come.

## Changes to Revenue

The $4.7 \%$ change in revenues from the FIB to the July Budget is due to one-time categorical revenues. The student enrollment count increased by 94 from the July Budget of 3,235 to 3,329 during the FIB.

## Changes to Expenditures

Sage Oak has an overall change of $4.9 \%$ in expenditures from the FIB to the July Budget. The change is due to one-time revenues, which must match expenses, therefore the revenues and expenses increased in a correlated value. Given the solid financial position of the schools, management has budgeted for a minimum net operating income to offer continued programming to their students with a preference to expend current-year revenue on current students.

# Sage Oak Charter School-Keppel First Interim Budget 2023-24 

## Summary Analysis

## Sage Oak Charter School - Keppel

## Summary of Results

The 2023-24 First Interim Budget (FIB) update projects a net revenue of $\$ 378 \mathrm{~K}$. Net revenue fell by $\$ 49 \mathrm{~K}$ from the July Budget of $\$ 427 \mathrm{~K}$. Positive net revenue and a strong reserve balance will allow Sage Oak Charter Schools to end the 2023-24 fiscal year with a reserve of \$2.2M which is $46.4 \%$ of annual expenditures.

## Cash Flow

Current year cash flow analysis indicates that the consolidated low point in cash was at the end of August 2023. At that point, the School had a projected $\$ 1.7 \mathrm{M}$ in cash. This level of cash is sufficient to conduct operations and hedge any economic volatility that may arise.

## Changes to Revenue

The $17.5 \%$ change in revenues from the FIB to the July Budget is mainly due to not achieving projected growth. The actual student enrollment was 372, a change of 95 students from the July Budget. Although the three schools' consolidated enrollment numbers met overall projections, Keppel's slight shortfall in its projected enrollment necessitated an adjustment in revenues.

## Changes to Expenditures

Sage Oak-Keppel has an overall $17.8 \%$ decrease in expenditures, which is due to not achieving projected growth. Given the strong financial position of the Schools, management has budgeted for a minimum net operating income to offer continued programming to their students with a preference to expend current-year revenues on current-year students.

## Sage Oak Charter School - South First Interim Budget 2023-24

## Summary Analysis

## Sage Oak Charter School - South

## Summary of Results

The First Interim Budget (FIB) update projects a net revenue of $\$ 168 \mathrm{~K}$. The net revenue was relatively unchanged from the July Budget to the FIB, primarily due to the expense allocation. Though the net revenue stayed the same, the School is projected to have a strong reserve balance, allowing Sage Oak Charter School to end the 2023-24 fiscal year with a reserve of \$3.0M or 48.5\% of annual expenditures.

## Cash Flow

Current year cash flow analysis indicates that the consolidated low point in cash was at the end of July 2023. At that point, the School had a projected $\$ 6.0 \mathrm{M}$ in cash. This level of cash is sufficient to conduct operations and hedge any economic volatility that may arise.

## Changes to Revenue

The $15.26 \%$ change in revenues from FIB to the July Budget is mainly due to one-time categorical revenues that are being recognized with corresponding expenditures.

## Changes to Expenditures

Sage Oak-South has an overall change in expenditures by .36\%. Given the strong financial position of the Schools, management has budgeted for a minimum net operating income in order to offer continued programming to their students with a preference to expend current-year revenue on current students.
